## Top Skills

Problem Solving
Deep learning
Machine learning

## Certifications

Improving Deep Neural Networks: Hyperparameter Tuning, Regularization and Optimization
Machine Learning A-Z
Convolutional Neural Networks
Neural Networks and Deep Learning

# Meligi Mohamed

Machine Learning Enginner
Qowesna, Al Minufiyah, Egypt

## Summary

A Computer Science student at Assiut University with a strong passion for data and its potential to generate meaningful insights.

The journey into data began in the second year of study, focusing on data analysis, data cleaning, preprocessing, and extracting valuable information from raw datasets. This phase established a solid foundation in understanding how data quality impacts analysis and decision-making.

In the third year, the focus expanded to Machine Learning, building knowledge of core algorithms, model training, and performance evaluation. Currently, skills are being further developed in Deep Learning and Computer Vision, with a growing interest in designing intelligent, data-driven systems.

Continuously learning and seeking opportunities to apply analytical and machine learning skills to real-world problems in data analysis, machine learning, and artificial intelligence.

## Experience

### FlyRank AI

Machine Learning Internship
June 2026 - Present (5 months)
Qowesna, Al Minufiyah, Egypt

Currently interning at FlyRank AI as an AI intern, focusing on Machine Learning.

## Education

### Assiut University

CS
